KNOWLEDGE IS PREVENTION.
START LEARNING TODAY.

Raising kids today comes with new challenges, and sometimes, it feels overwhelming. That's why 3Strands Global Foundation's CARE Program exists: **to equip caregivers with the knowledge and confidence to recognize the warning signs of human trafficking and exploitation, and to step in before harm happens.**

Understand the Issue: Break down the myths and misconceptions around human trafficking. Learn what it really is and what it isn't.

Explore How + Where It Happens: Understand the dynamics and environments where trafficking occurs, so that you can spot the signs before harm happens.

Get Involved: Explore the roles individuals and systems plan. Understand how you and your community can respond with care and courage.

Take Action: Leave equipped. We share tangible steps to protect children, build safer communities, and foster resilience.
